Member in Association

# MEET US

The Asociación Colombiana de Estudiantes de Química Farmacéutica (**ACEQF**), is a non-profit association, founded in 1993, since then it has been dedicated to leading basic processes for the academic, professional, social and cultural development of all its members. Thus contributing to the formation of integral professionals who are at the service of the community in general.

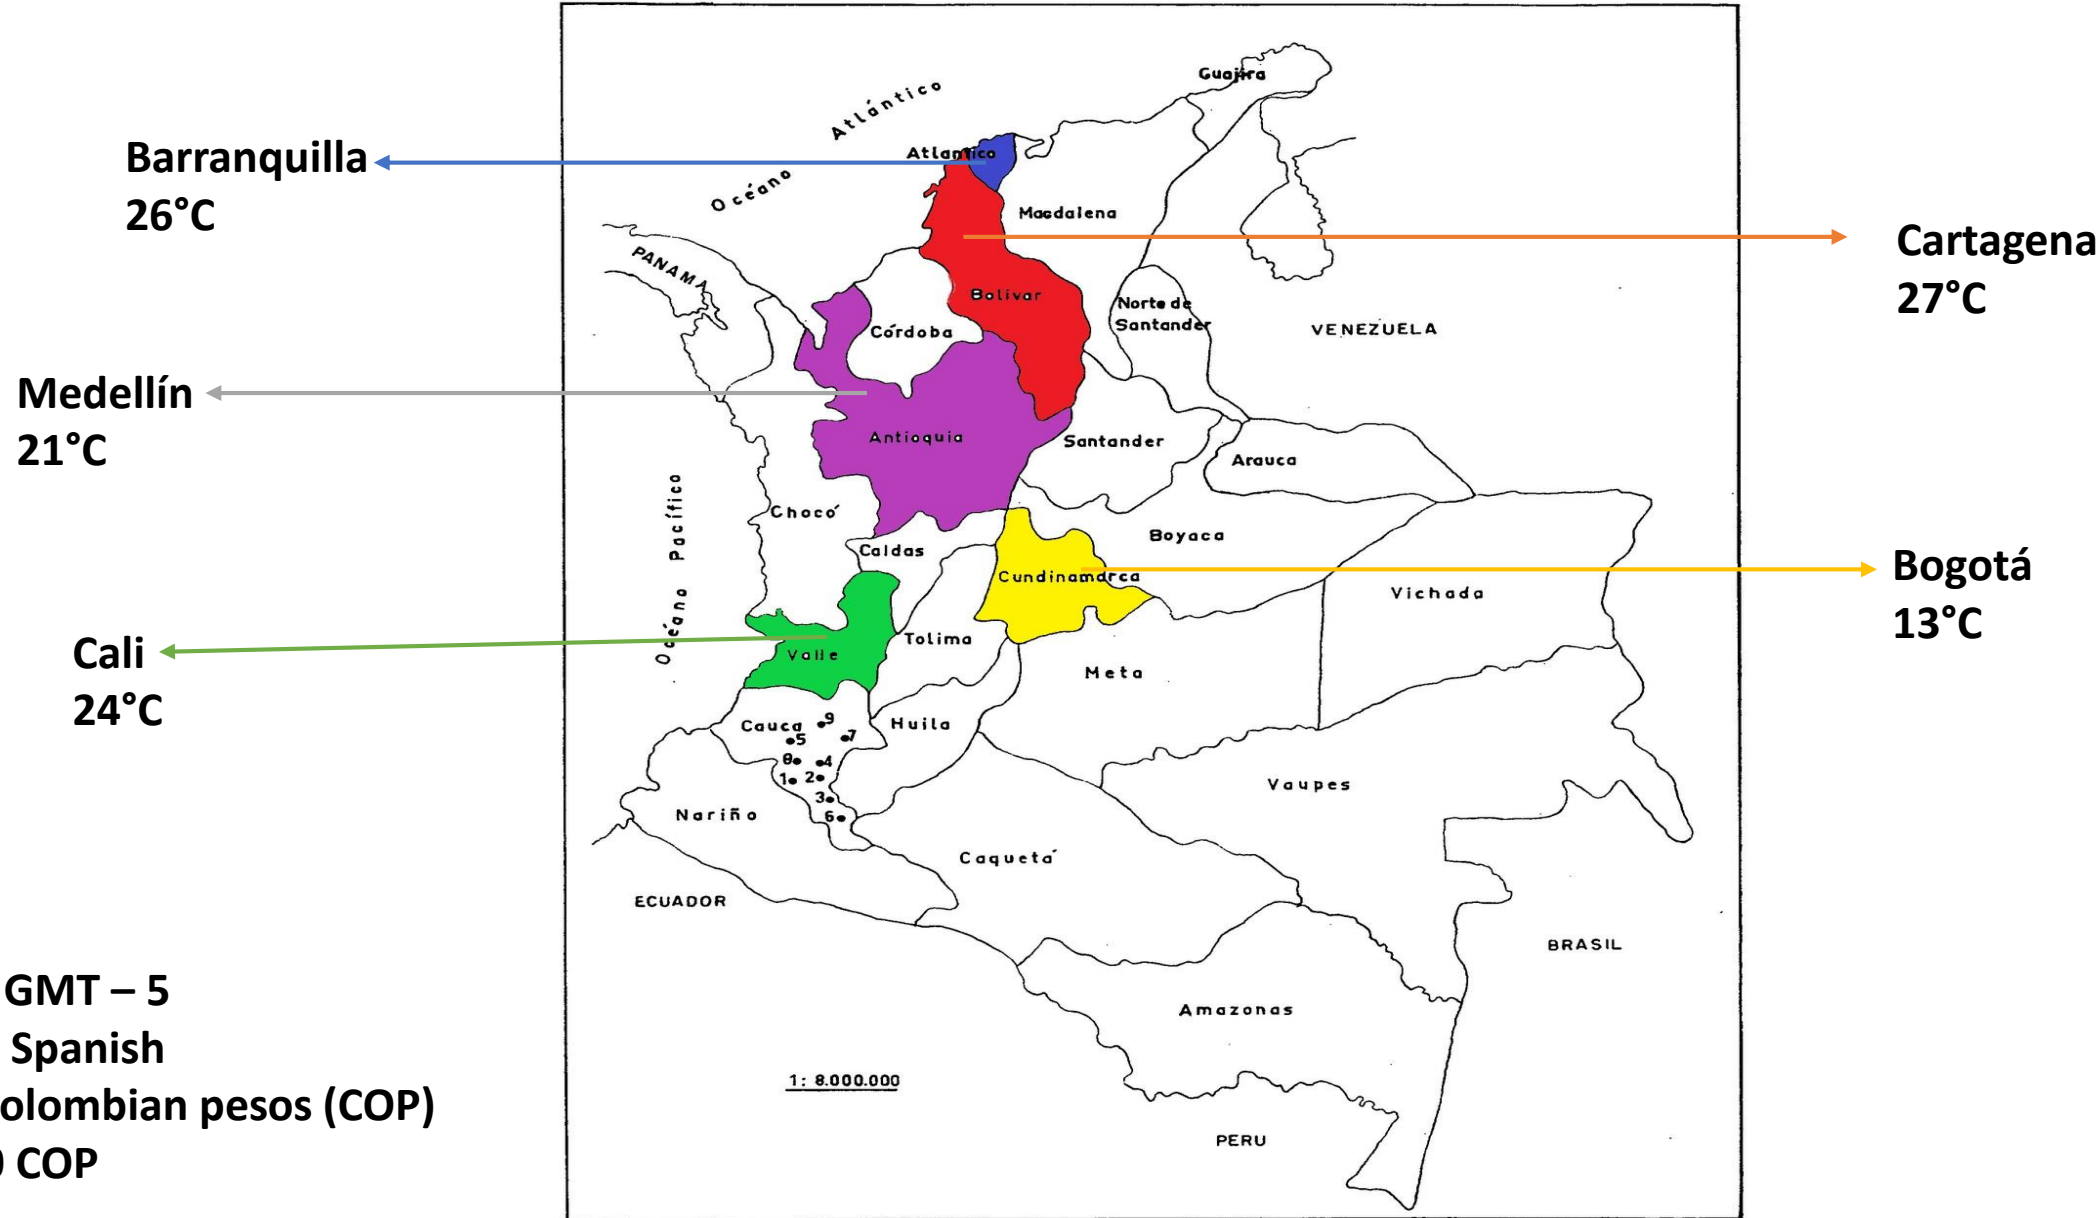

**ACEQF** joined the IPSF since 2011, since then, ACEQF has been represented in more than 6 world congresses and regional symposiums (PARS in PARO and EMPS in EMRO).

**ACEQF** has also had the opportunity to host two official events of PARO, the first was Pharmatour 2013, whose main activity was to show the work of pharmacists in Colombia. And the second one, was the 10th PARS 2016, where we showed ourselves as a consolidated association and leader of the Pan-American region.

Right now, we are very proud to officially present our student exchange program.

# ACCOMODATION

For SEP in Colombia, ACEQF proposes the following options:

The student can be hosted by a local student, it can be free of payment, or include a payment fee of maximum 80 USD for month (Varies on the host and city).

Student's residence, which can cost around \$ 180 USD for month.

Each student can choose a hotel or hostel as well, which will not be assumed by ACEQF, however, local IPSF or other designee could help in choosing the best place.
