Below the wing, a coastal landscape is visible, featuring a winding river or estuary that flows through a green, hilly area towards a body of water. The sky is filled with soft, golden light, suggesting a sunset or sunrise, with scattered clouds catching the light. The overall color palette is warm, dominated by oranges, yellows, and browns.

At the surface of around 25,000 hectares covered by the National Park "Fruška Gora" there are protected unique landscapes, valuable geological and geomorphological units, rare plant and animal species, and forest complexes.

EXIT

Exit is an award-winning summer music festival that takes place at Petrovaradin fortress in Novi Sad. Every year over than 1000 artists take part in this event and they perform at over 40 stages and festival zones.

THE JOY OF FOOD

Novi Sad has always been the place where food was good and meals could be eaten at a slow pace. If you wish to enjoy in autochthonous dishes, excellent wines, fruit "rakijas", and music of "tamburica" players you can visit one of the "čardas" along the Danube or "salaš" restaurants in the nearby settlements.
